

CELEBRATION OF WORLD ENVIRONMENT DAY 2020

5th June, 2020

World Environment Day (WED) is celebrated every year on 5th of June. The main aim is to create awareness and motivate people for Environment Protection. World Environment Day- 2020 (WED-2020) will be celebrated with a focus on Biodiversity as per theme "Celebrate Biodiversity".

We all are aware that Biodiversity is the variability of living things that makes up life on the Earth. One million plant and animal species are at risk due to human activities in the world. It is a call to act to combat the accelerating species loss and degradation of natural world. World Environment Day urges us to rethink how our economic systems have evolved and left their impact on the environment.

Today, the celebration of the day becomes important for us as we all know that the nature gifted us with food we eat, air we breathe, and water we drink and also made our planet habitable. But whenever, regular interference with nature continues, the nature gives us a warning of a disaster and wake up us to take notice.

Forest Research Institute, Dehradun is celebrating WED-2020 on 5th June, 2020 with the theme "Celebrate Biodiversity" online keeping in view COVID-19 pandemic to sensitize masses on what can be their contribution to save environment.

On this occasion, painting and essay competitions with central theme "Celebrate Biodiversity" will be conducted for students of Kendriya and Navodaya Vidyalaya for two categories (i) Junior VI to VIII class and (ii) Senior (IX to XII class).

The Director, Forest Research Institute, Dehradun invites the Principals of all Kendriya and Navodaya Vidyalayas to encourage their students for participation in above competitions.
